MARYVILLE, MISSOURI, THURSDAY, JAN. 22, 1914.

NO. 200.

TO INDICT THEM

GRAND JURY MAY GET NON-CHURCH GOERS.

A "GO TO CHURCH DAY"

Talked Along the Line of Having Sunday, February 1st and Warning Everyone to Go.

The grand jurors were having a recess Wednesday afternoon at the court house, when W. F. Smith, the champion Sunday school superintendent of Maryville, and an all-round champion for fun, sent in word to them that he would come in and give an exposition of the Sunday school lesson for next Sunday if they would give him attention.

But they all think they are pretty good Sunday school fellows themselves, and Lowell Campbell and J. C. Pistole and Hal Ware said Billy Smith couldn't tell them anything they didn't already know. Hi Montgomery was almost affronted, he said, because he is from the town of Skidmore, where everybody always has been going to Sunday school, and they don't have to get up contests to get people to go over there, for they are normally in fine condition for that kind of business and never do have to be coaxed or persuaded, or anything like that, for they have always recognized it was the proper thing to do every Sunday morning and straightway did it.

So Billy didn't get to expose the lesson. But his offer started the jurymen to talking along those lines and brought up the discussion of "Go to Church Day" in Maryville, Sunday, February 1, that they are hearing talked about all the time. And somebody suggested to them to help the matter along by returning indictments against everybody who doesn't go to church that day. They took right up with it—that is, most of them—and they have a pretty good list already made out against incorrigibles in the non-church-going class, and a good strong penalty is going to be recommended. The list isn't finished yet, but it may be in time to use as a warning for a number of the grand jury's friends, those they would hate to see brought up before them for such an offense. The excuses for not being able to be ready to go on that day must be better than "I have bought a piece of land," or "I have married me a wife," and—well, you know the rest of them. So if the grand jury is not discharged by Judge Ellison before the first Monday in February there may be some interesting times for non-church goers that day.

Anyway, "Go to Church Day" in Maryville is going to be a great time.

THREE TURKS ARRESTED

For Selling Without a License—One Had Been in This Country Only Three Weeks.

Marshal Moberly arrested Wednesday afternoon three Turks for selling without a license. They were arraigned before Mayor Robey and pleaded guilty to the charge and each fined \$2 and costs, which they paid. They gave their names as Charles Shabley, Allay Mehmood and M. Fesser. One of the parties has only been in this country three weeks, while the other two have been here longer. It was pretty hard work for Mayor Robey to understand what these prisoners were saying to him.

STILL WORKING AWAY.

and Two Others

GREETED BY LARGE AUDIENCE.

Splendid Lecture on Subject, "The Christ of the Incarnation."

The audience which greeted Dr. J. P. D. John last night showed that he must have gotten the interest of the people the night before, for it was a bigger one and certainly an interested one. Dr. John never distracts his hearers with lengthy prefaces, but goes directly to the theme proper.

His subject last night was "The Christ of the Incarnation," and those who heard his lecture on miracles Tuesday night and followed him closely last night must surely have a more intelligent and a more satisfying conception of the incarnation, the most marvelous miracle of history.

Dr. John believes that the pre-incarnate Christ is the eternal Son of God and that the term Father must imply that there is a sonship. A God capable of loving and suffering would never have been content to exist in perfect loneliness, and so God the Son has always co-existed with God the Father.

When God created man he gave him the power to choose between right and wrong, and when man chose to sin God sought some method to redeem him and bring him back to his pure estate.

How shall He do this? With the miracle, whose supreme purpose is to reveal God and to be a means through which He may appeal to His creatures. The relation of God the Father and God the Son must for a time be suspended and the Son come to earth to perform the office of redemption.

The sacrifice was infinite and voluntary, but a source of suffering both to the Father and Son.

How shall He come? Certainly not in a way that the creatures of earth shall be too much amazed or so much confused that they can not in the least understand Him. And so Christ must give up His supreme condition of the pre-incarnation and come to earth in the form of earthly creatures. God, therefore, used the Virgin Mary as the instrument and breathing the breath of life upon her, a second Adam was born, sinless, yet liable to sin.

The coming of Christ was heralded by the choice men of history—Enoch, Moses, David, Isaiah and many others and last and greatest of all, John the Baptist.

Shall we doubt the miracle of the Incarnation? Then we must doubt everything else in the Scriptures. We cannot accept part and reject part. The stupendousness of the miracle need not shake our faith. God could perform a great miracle as easily as He could perform a lesser one. The only question need be, Was the miracle worth while? Is the way of the incarnation a worthy way of going after His creatures. It is not only a worthy way, but the only way. God would not have created beings which were not worth making; if they were worth making, then they were worth going after when they became lost.

We must dismiss from our minds the idea that God cannot suffer. He suffers always when His children miss the mark—not the suffering which comes from sin, but that which comes from love. In order that He may bring His children back to Him, He suffered His Son to become incarnate and likewise the Son suffered separation from the Father and the loss of infinite power that He might carry out the plans of the Father. When we see the infinite love of the Father and the Son, shall we not make ourselves worthy of the sacrifice?

Dr. John also spoke Thursday afternoon at 3 o'clock on "The Fire-Flower of the Yukon Hills."

He will also speak Friday afternoon at 2 o'clock on "The Christ of the People," on account of his address to the high school graduating class on Friday night at 8 o'clock. His subject for that occasion will be "What Next?"

The subject of Dr. John's address this Thursday night will be "The Christ of the Jordan and the Wilderness."

Mrs. J. C. Allen of Bolckow was in Maryville Thursday morning, returning home from Utah, Ia., where she was called by the death of her daughter-in-law.

WON WILL CONTEST

VERDICT FOR THE DEFENDANT, PETER MERGEN.

OTHER CASES UP TODAY

The Replevin Suit of O. A. Mason vs. G. P. Bainum Being Tried—Lena McCartney Won Suit.

The will contest of John Hogan, et al, vs. Peter Mergen, et al, came to a close this morning in circuit court after the plaintiffs had introduced all its evidence. The defendants presented none of its evidence as it filed a demurrer setting forth that no evidence was introduced by the plaintiffs sufficient to warrant the breaking of the will, the court sustaining the demurrer. By the court's instruction, the jury brought in a verdict, "we the jury find for the defendants that the paper writing introduced in evidence, dated September 18, 1909, signed by Mary E. Mergen and purporting to be her last will is in fact the last will and testament of Mary E. Mergen, aforesaid." The jury in the case were J. D. Bolin, Ed Crane, John McKee, Charles Crawford, L. A. Nigh, E. S. Frampton, Amos Castillo, Thomas Tobin, Joe Wallis, Albert Neidle, Millard Ellis and Robert Kinman.

There were a large number of witnesses in the case, many of them being from Kansas City.

The next case called in court this morning was the replevin case of A. O. Mason vs. G. P. Bainum. The suit was over a steer. The case was still in progress as we went to press this afternoon. The jury that is hearing the case is composed of W. M. Burke, Thomas Tobin, Albert Neidle, Rudolph Lebonia, Joe Wallis, Charles Talbott, J. D. Bolin, Ed Crane, John McKee, Charles Crawford, E. S. Frampton and Amos Castillo.

A verdict for the plaintiff was given in the case of Lena McCartney vs. the Western School Company. The suit was for \$269.06. After a good part of the evidence was presented, by agreement of parties, jury was discharged and cause submitted to the court, who heard the evidence in full.

Coin Lumber Company vs. Elmo Improvement and Business Company, et al, mechanic's lien, O. A. Simmons files motion to be substituted as party plain tiff.

Nodaway county vs. J. F. Roelofson, guardian of the estate of Robert O'Williams, appeal from Probate court, by agreement of parties and consent of court, a jury was waived and cause submitted to the court and evidence heard in part.

Sheriff Wallace reported Charles Talbott and George Daniels as jurors to take the place of Wm. Lemon and Will F. Phares who were excused by the court.

HIGH SCHOOL NOTES.

Supt. Wm. P. Evans, the state superintendent of schools, was a visitor Monday morning.

Francis Cuppinus was a visitor Monday afternoon.

The visitors at the high school Tuesday morning were O. C. Hanna and Misses Genevieve Wilfley and Kate Moss. Miss Moss, who has been in Bulgaria as a missionary, gave a most interesting talk on the customs of the Bulgarians. Considering their surroundings, the war and the terrible rule of the Turks, she stated that they are very industrious and progressive and that the way the peasants work to meet the heavy taxation almost puts us Americans to shame.

With the afternoon session Wednesday the high school closed for the rest of the week except Friday afternoon, when the semester grades will be given and the advanced seniors will give their class play in the high school auditorium.

The frieze, which will be presented to the high school by the graduating class, was received Tuesday evening and will probably be presented Friday.

Jesse Miller, Jr., and Roy David entertained the high school for a few minutes at assembly Tuesday morning. They gave a comical selection, which produced a hearty laughter, and from the applause given them it was certainly appreciated.

Came for Commencement.

Miss Laurinda Craig of Bolckow came Thursday to be present at the mid-winter graduating exercises of the high school. She is the guest of her cousin, Miss Laura Craig, a member of the graduating class.

Mrs. Fred Wooldridge of Hopkins was shopping in Maryville Thursday morning.

Several of the concerts will be given throughout the winter months in the theater and other places until summer, when the boys will play in the court house yard. The program for Sunday's concert will be given later.

CAUSED SOME EXCITEMENT.

A Report of Torpedo Heard Last Night and Thought That Bank Was Being Blown Up.

Some little excitement was caused Wednesday evening after the show at the Empire theater, when a report of a torpedo which had been thrown on the sidewalk in front of the Nodaway Valley bank was heard. It was thought at first that an effort was made to blow up the bank, and after an investigation through the bank it was then discovered that some boy had thrown the torpedo in an effort to scare someone. It is likely that this boy will not do it again.

A marriage license was issued Wednesday in St. Joseph to Isaac E. James of Braddyville, Ia., and Gertrude Friend of Burlington Junction.

BIG LAND DEAL.

Fairfax Man Disposed of \$26,000 Worth of Land to Derks and Enis.

W. A. Thomas of Fairfax, an extensive land owner of that community, sold 320 acres from his 640-acre tract of unimproved land near Clyde Wednesday to James M. Enis and Theodore Derks. The consideration was \$26,000.

The land lies four miles east and one mile north of Clyde and joins the 1,100-acre farm of Mr. Derks. The new purchasers have not decided to what use they will put the land, and will leave it in blue grass as it now is for the coming season. Not a foot of the soil has ever been turned for cultivation.

Mr. Thomas still owns 320 acres joining the piece he sold Wednesday, for which he asks \$28,000, owing to a few improvements on it. He has 1,200 acres in Knox county, Mo., and 1,180 acres in Ellis county, Kansas.

THE CHURCH AND THE SCHOOL.

A Large Crowd Was at Prayer Meeting Wednesday Evening to Hear Speakers on This Subject.

Rev. Robert L. Finch surely struck the right note when he announced subjects for discussion at the mid-week prayer service that have to do with the entire life of the community, and in which every one, whether a church member or not, may be interested and would attend and become acquainted with each other's viewpoint.

A week ago tonight it was "The Church and the Newspaper," and the different phases of the regulations sustained between these two institutions was well brought out.

Last night the meeting was led by Miss Laura Hawkins, with the subject of "The Church and the School" for consideration.

The attendance was considerably increased over that of a week ago, and it will be necessary to hold the meeting in the auditorium by next time, for it is not the ordinary "prayer meeting crowd" any more that is coming out. The subjects assigned were given as follows:

Relation of the Normal to the Churches of Maryville—President Ira Richardson of the Normal.

The Church and the Musical Interests—Prof. P. O. Landon.

Business Schools and the Church—Capt. E. S. Cook.

The Co-Operation of the Church and Schools in Work for the Common Ideals of Life—J. R. Brink.

The High School and the Church—Prof. Clyde Busby, principal of the Maryville high school.

Church Schools—Rev. R. L. Finch. Next Wednesday night the subject will be "The Church and Business." Leader, G. L. Wilfley.

Choir Practice Tonight.

Director H. J. Becker of the First Christian church choir calls a meeting of the First Christian church choir for practice Thursday evening at the church, instead of on Friday evening, the usual time, on account of the commencement exercises of the high school Friday night. Great preparation is being made by the choir for the coming of this church's foreign missionary pastor, Dr. Drummond of India, next Sunday.

Together with Mrs. Louis Nieman, already part owner, she will conduct the business. Miss Freeman was for three years and a half the proprietor of a millinery store at Maryville—Columbia Tribune.

HERE FOR GAME

WARRENSBURG NORMAL TEAM TO PLAY TONIGHT.

HAS A STRONG TEAM

The Local Team is Somewhat Crippled But is After the Game—A Large Crowd to Attend.

The Normal will play its first game of intercollegiate basket ball at the gymnasium tonight. Warrensburg normal, 1913 state champions, will try to duplicate their feat of Tuesday evening, when they defeated William Jewell 46 to 33. They were defeated by Missouri Wesleyan of Cameron by 35 to 31 on Wednesday night. Warrensburg has lost but one game so far this year and expects to romp away with the state championship.

The Normal will be minus Quinn as center, who is out with a bad knee, and McReynolds, who is out because of sickness. This will put a crimp in team work to a certain extent, but it does not dampen the spirits of going after things that the Normal has and a very fast game is expected this evening.

The Normal line-up will be Vandersloot, F. Watson, F. Powell, C. Scott, G. Miller. Warrensburg will have Bush and Rudd as forwards; Blivans, center; Jackson and Swindell, guards.

The advance sale of season tickets indicates that the largest crowd that ever attended a game of basket ball in the gymnasium will be present. The seating capacity will be greatly enlarged to accommodate the spectators.

TO VISIT LOCAL LODGE.

Initiation and Banquet to Be Had at the U. C. T. on Saturday Night for a Visitor.

J. B. Mathews, counselor of the St. Joseph U. C. T., will visit the local lodge on Saturday night, having been delegated to do so by the acting grand counselor of the state, and will preside as head officer on that night. An initiation will be had, after which a banquet will be served for the members and their wives. It will take place in the K. P. hall.

E. G. Orear of the local lodge, and who is also grand page, will visit the St. Joseph counsel on January 31, and will preside at the meeting.

DEATH NEAR SKIDMORE.

Funeral for Mrs. Robert Campbell Will Be Held Friday Morning at Graham Baptist Church.

Mrs. Frances Campbell, wife of Robert F. Campbell, died Wednesday morning at 4:30 o'clock at her home, five miles southeast of Skidmore. She had been in failing health for two years, but had not been seriously ill until three days before her death. She was born in Nodaway county, March 19, 1850. She is survived by her husband and one son, Jeff H. Campbell, at home. She also leaves two sisters, Mrs. Sarah White of Neola, Ia., and Mrs. Alice Graybill of Vida, Mo., and a brother, John McDowell of near Graham. The funeral services will be held Friday morning at 11 o'clock at the Graham Baptist church, conducted by the pastor. Burial in Grove cemetery.

Applies for Saloon License.

An application was made Thursday afternoon in County Clerk Demott's office for a saloon license by John Kane. His present license expires in February. The county court will take the matter up at their next meeting, which will be Monday, February 2. The petition is said to contain the required number of signers.

GIRLS! STOP WASHING THE HAIR WITH SOAP

Soap Dries Your Scalp, Causing Dandruff, Then Hair Falls Out—Try This Next Time.

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Men! Ladies! You can surely have lots of charming hair. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it—Advertisement.

The regular meeting of the P. E. O. society was held Monday afternoon with Mrs. J. L. Downer. The meeting was in the nature of a farewell to one of the members, Mrs. A. E. McMaster, who leaves soon for her new home at Meadville, Mo.

Mrs. O. Wheeler and Mrs. Nance were called to Ruskin, Neb., last week by the death of a relative. Mrs.

Wheeler returned Monday night but Mrs. Nance will remain for some time.

Miss Gladys Pennington, who returned a short time ago from Chicago, where she was taking music, has decided to get up a class in music here, and thus remains at home for a while.

We said something last week about Hopkins being a quiet town on Sundays, but it wasn't last Sunday, as the big steam ditcher worked all day coming down the school house hill into the main part of town. The water works contractors feel that it is absolutely necessary to take advantage of every minute of this good weather we are having, as there is no telling how soon it will freeze up and work will have to be discontinued. A few more days of good weather and the ditches will be completed, while the work of laying the mains and the work at the standpipe is all being pushed rapidly. The mud the past few days has made it unpleasant, and hard for the men who are working, but they take it good naturedly, and seem to feel that they are earning their money. We'll all forget it next summer, when it's hot and dusty, and we have plenty of water to sprinkle the streets. Remember last summer?

A Coat that Berney marks \$18.00 at the Beginning of the season, his Competitors mark \$22.00 or \$22.50. They are Compelled to do this in order to Come Down.

Berney Marks his goods at the Lowest possible price to Start with—

For instance—

Our competitors, having Two Prices (as they All have the year round) mark their goods in Letters (which no one can read) instead of Figures.

Having Two Prices, they must of Necessity mark a Suit or Overcoat \$22.00 or \$22.50 which Berney marks \$18.00.

Then, when they Advertise \$22.50 values for \$15.00 in a Sale, they give no Better value than Berney's \$18.00 value, marked \$13.75 in a Sale.

And So On throughout the Entire List.

Which Demonstrates that Berney Harris' Prices are Lower than others, either at the Start of the season or during a Clearance or Cut Price sale.

All of Berney's Customers Realize this.

That's Why They Stick to him.

"CASCARETS ALWAYS STRAIGHTEN YOU UP"

If Costive, Headachy, Bilious, Stomach Sour, Breath Bad—Clean Your Liver and Bowels.

Get a 10-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have headache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forging a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.—Advertisement.

Skidmore Charivari Party.

Mr. and Mrs. Howard Garrett, the newlyweds of Clearmont, spent the day Wednesday with Mrs. Garrett's parents, Mr. and Mrs. W. M. Howden. It was their first visit to the bride's home since their unexpected marriage Monday afternoon at St. Joseph, and the young people of the town concluded to get even with them for depriving them of the pleasure of attending their wedding, that had been announced for February 15. Early in the evening the bride was given a linen shower and many other nice gifts from her girl friends. After their departure the friends of Mr. Garrett appeared on the scene and gave them a charivari party that lasted until 7 o'clock Thursday morning. Alarm clocks had been secreted all over the Howden house and bells attached to ropes with electrical connections that only required the touch on a button to set everything going. Bedlam reigned supreme, the cride cried, and their tormentors were happy.

VILLA PREDICTS HUERTA'S FINISH

Says Popular Opinion Will Soon Sweep Usurper Away.

BULLETS STILL NECESSARY.

Declares Federals Are Trembling at Torreon, Their Only City in the North—Fifteen Thousand Constitutionals to Attack.

Chihuahua, Jan. 22.—General Villa gave out the following statement: "It will soon be shown that the United States has not waited in vain in the belief that the Huerta government is slowly crumbling."

"With the northern division of the Huerta army imprisoned in the United States and with General Velasco's federal troops trembling at Torreon, the only point they now hold in the north, it will not be long before the usurper will be swept away by public opinion."

"At first it was only our arms that brought us victories, but now the people of Mexico are convinced of the seriousness of the revolution. Our strength is growing daily. We are finding that popular approval is as effective as bullets."

"But we are not forgetting that bullets are still necessary. The fighting will continue. Our success at Ojinaga in pushing the federal division into the United States has had the effect of a tonic on our soldiers."

"I am convinced that the battle near Torreon will knock another prop from under the tottering throne of Huerta. The federals are aware that they must put up a vigorous fight there or their cause is lost. Once we go south of Torreon every city between us and Mexico City will fall."

"The federals will not last long at Torreon. We are going to approach them with an army of 15,000, the largest revolutionary corps called together in this revolution."

JAP PARLIAMENT MEETS

Opposition Considers Replies of United States Unsatisfactory.

Tokyo, Jan. 22.—Japan regards as unsatisfactory the replies made by the United States to its protests in connection with the California alien land ownership legislation, according to a statement made by Baron Makino, the Japanese foreign minister, in the course of a lengthy summary of the Japanese-American negotiations, given in his annual address to parliament. He continued:

"Japan recognizes the necessity of elaborating other plans for the solution. The nature of these plans I am as yet unable to report."

Baron Makino's declaration that "no answer whatever" had been made by the United States to Japan's third protest, presented in August, was the signal for an attack on the government by several members of the opposition, who alleged that too much reliance had been placed on the good will of America.

Germans Bribed Japanese Official.

Berlin, Jan. 22.—Letters showing that the Siemens-Schuckert Electrical concern arranged to pay commissions to Vice Admiral Fujii, formerly Japanese naval attaché in Berlin, on all business done by the firm for the Japanese navy were read in court here during the trial of a former stenographer of the firm's Tokyo branch. The accused was sentenced to two years' imprisonment for stealing confidential correspondence and attempted blackmail.

Demand Removal of General Chase.

Denver, Jan. 22.—The retirement of Adjutant General John Chase as commander of the militia, either by his resignation or removal by executive order, and the retirement of other officers "as soon as possible," are the first two demands contained in the report of the committee recently appointed by John McLennan, president of the Colorado Federation of Labor, to investigate conditions in the strike zone and report to Governor Ammons.

More Restrictions for German Officers.

London, Jan. 22.—A Berlin dispatch to the Daily Mail says the emperor has decreed that henceforth no army officer is to take the arm of his wife or any other women when walking. If there is to be any holding of arms, the woman must do it. The new order is inspired by the emperor's belief that leaning for support on the arm of a woman companion is not conducive to a manly bearing.

Lankford's Death Due to Accident.

New York, Jan. 22.—A coroner's inquest in Brooklyn found that Richard D. Lankford, vice president of the Southern railway, came to his death by "unavoidable gas asphyxiation." Lankford was found dead in his apartment two days before he was to have been married. The coroner found nothing to support the suicide theory, first advanced by the police.

Strikers Allowed to Picket Hotel.

Cleveland, Jan. 22.—Judge Lawrence ruled that the striking union waiters may picket the Hotel Statler and may say to guests, "There is a strike on here," but they must not shout and must not pass cards or circulars telling of the strike.
